Design Principles

- Light-First**
White (#ffffff) base, navy accent on light surfaces. Clean, professional.
- Type-Forward**
Bold headings carry hierarchy. Light weight body text. Mono for labels + code.
- One Accent**
#264486 navy only. CTAs, labels, left-borders, highlights, handles.
- Thai-Friendly Spacing**
Line-height 1.85 for body, 1.25 for headings. word-break: break-word.
- Slide Entrance**
0.45s cubic-bezier(0.22,1,0.36,1) · opacity + translateY(12px) fade-up.
